“A Bill to Provide Students with School Supplies”

- Whereas: The student body is in continuous need of school supplies, and
- Whereas: Locations in which these supplies are acquired, such as the TCU Bookstore and its satellite store in the Brown-Lupton University Union are not open 24 hours a day, and
- Whereas: The TCU library serves as a center of student academic life that is open 24 hours every weekday, and
- Whereas: The Student Government Association has successfully partnered with the TCU library to provide free scantrons to all students, available during all operating library hours, at the library information desk, and
- Whereas: The library does not currently sell or offer school supplies to students, therefore
- Let it be enacted by the House of Student Representatives at Texas Christian University:
- (1) The House of Representatives encourages the establishment of a pilot program within the library that offers school supplies donated by both SGA and students who are no longer in need of those supplies.
 - (2) SGA will actively advertise said school supplies program via the SGA Marketing Team.
 - (3) The sustainability of the program in subsequent semesters will be delegated to either an individual or to a specific committee after assessing the level of time commitment and responsibility required during the pilot program.
 - (4) The House of Representatives will appropriate \$500 for the remainder of the 2013 Fall semester for a pilot program to offer school supplies free of charge to all students in need at the TR desk of the library.
